

PHABC

Public Event and Fundraiser

Sunday, December 11th, 6:30-8:30 pm
Sheraton Airport Hotel (Minoru Ballroom), Richmond BC

Act Locally. Vaccinate Globally.

Help raise awareness around immunization, while also raising money to vaccinate children in need around the world.

Everyone is welcome to join us for a fun evening, featuring:

- A presentation by Mabel Wong, Board Director of UNICEF Canada;
- A silent auction;
- An I Boost Immunity (IBI) quiz challenge to earn vaccines;
- Flu shots available on-site, provided by a London Drugs pharmacist

London Drugs will donate a vaccine each time one is earned:
Each question answered correctly = **2 vaccines!**

With the money raised, I Boost Immunity will purchase a mix of tetanus, polio and measles vaccines from UNICEF Canada, who then directs the vaccines wherever the need is greatest internationally.

Visit www.iboostimmunity.com to learn more.

TICKETS

\$15/person | \$7.50/students

To purchase your ticket or learn more about the public event and fundraiser, visit:
