

The Public Health Association of BC is Now Hiring!

## F2SBC North Central Regional Hub – Community Animator

Prince George & Surrounding Regions, BC  
0.5 FTE

### Overview

The [Public Health Association of BC \(PHABC\)](http://www.phabc.org) is seeking a dynamic, creative, and inspiring individual to coordinate, strengthen and expand the [Farm to School BC \(F2SBC\)](http://www.f2sbc.org) North Central Regional Hub. Reporting to the Provincial Manager of F2SBC, the Community Animator provides students with access to healthy, local food and hands-on learning opportunities that foster food literacy while strengthening the local food system using a comprehensive and collective impact framework.

Working alongside teachers, school administrators, students, local organizations, public health dietitians, farmers, and additional stakeholders engaged with nutrition, agriculture, health and education sectors; the Community Animator will place local people at the center of all they do. The Community Animator believes that sustainable solutions are only ever developed when the support of a local community is strongly evident. Furthermore, as a change agent in the community, the Community Animator builds bridges and strengthens connections within the school community, and among various stakeholders that influence the environment. The Community Animator will invest in relationships that will form the solid foundation for swift and effective future partnership development.

The ideal candidate will be confident in a dynamic environment, be a professional communicator, detail oriented, flexible, solutions-focused, and able to work independently. This is a work from home position but requires the candidate to live in or near Prince George and have reliable transportation across the region. A valid driver's license and access to a personal vehicle is preferred. In-office work and some travel across BC may be required.

### Background

PHABC is a registered charity organization (est. 1953) that promotes and protects public health by actively working to advance the development and implementation of healthy public policy, by encouraging and facilitating research that supports public health, and by cooperating regionally, nationally, and internationally with partner organizations. Its national linkages' enable the PHABC to participate in dialogue and action on matters of interest across Canada.

Farm to School BC is one of PHABC's largest provincial programs and brings healthy, local and sustainable food into schools and provides students with hands-on learning opportunities that develop food literacy, all while strengthening the local food system and enhancing school and community connectedness.

### Key Accountabilities & Responsibilities:

- Support F2SBC programs in the North Central Regional Hub (Prince George and surrounding communities within approximately 125km radius) to achieve the following three core elements of the program:
  - Promote healthy, local food in schools and enhance student food literacy,
  - Foster hands-on learning opportunities by linking F2SBC activities to the curriculum,
  - Support the schools and the broader community connectedness;
- Promote F2SBC activities on social media;
- Establish and strengthen relationships with 10 F2SBC funded schools and provide ongoing support to ensure that teachers, stakeholders and partners are successfully implementing their program;
- Inspire new F2SBC programs in the region;
- Build and strengthen school-community capacity by facilitating and hosting regular networking and development opportunities (e.g., committee meetings, networking events, learning circles, webinars, and celebration events);
- Identify and secure additional funding opportunities to strengthen and support F2SBC activities in the North Central Regional Hub.

### Qualifications & Required Skills

- Background in Health Science, Education, Community Development, Nutrition, Agriculture, Public Health or related discipline, or an equivalent combination of education and experience;
- Preferred minimum of 2 years of experience utilizing setting-based approaches to health promotion, working with people and communities to integrate a holistic and multi-disciplinary method to build capacity in various settings;
- Understanding of local and sustainable food systems, child and youth health, health promotion, child-centered approach to health literacy, agriculture and/or combination of relevant or related disciplines;
- Comfortable with the following software/social media platforms: MS Office (Word, Excel, PowerPoint, Project, etc.), Adobe Acrobat, WordPress, and social media platforms (e.g., Facebook, Twitter);
- Demonstrated ability to work independently and as a team player;
- Leadership style and work ethic that promotes collaboration, inclusivity, creativity, open communication as well as independent decision-making;
- Understanding of regional food systems and school-food service systems including the network of individuals therein (e.g., principals, teachers, parents, school meal coordinators staff, and students);
- Ability to network with key stakeholders within the regional food system (farmers, gardeners, food producer groups, food processors, and food distributors; including those associated with existing F2SBC programs and those keen to be supplying such programs);
- In-depth knowledge of sustainable food systems, school food and/or public health.

This is a **0.5 FTE position**, valued at 20 hours per week at a rate between **\$24.72-28.61 per hour** (based on experience), with 6% vacation pay. The selected candidate will be offered permanent employment including 4% in lieu of benefits, sick leave, and access to the association's pension plan (in development) following a successful probationary period of ninety (90) days.
