FH invites you to join an innovative and unique primary health care team located in one of Canada's fastest growing and culturally diverse cities. The Surrey-Whalley Urgent and Primary Care Centre (UPCC) has Full time, Part time and Locum opportunities available.

We operate in a team-based care model that includes physicians, nurse practitioners, nurses, social workers, clinical counsellors, allied health professionals and administrative support.

You will participate as a full and active member in the delivery of team based primary care services through the clinic as part our longitudinal care team. You will function as an essential member of our clinical care team and manage a panel of patients. We aim to provide patient centred and trauma informed care to our clients and our mandate is to serve the vulnerable and medically complex in the area. Experience in mental health, OAT, and working with at-risk populations will be an asset. Join us to provide timely access to patients, families and caregivers to comprehensive, person-centred, culturally safe and quality care.

**Qualifications:**

- CCFP
- CMPA
- CPSBC Eligible for Full License

**Remuneration:**

Contracted in accordance with the provincial physician master agreement.

**Full Time/Part Time/Locum/Temporary:** Full Time, Part Time and Locum. Duties will be split between longitudinal care and urgent care walk in services within the majority of time within the longitudinal stream of care.

**Community:** [Surrey](#)

Surrey is one of Canada's fastest growing cities and its land mass makes it one of the largest cities in the province, equal to the size of Vancouver, Richmond and Burnaby combined.

Known as the City of Parks, Surrey has over 6,000 acres of parkland and 15 golf courses and driving ranges. Also, despite rapid growth, Surrey has held onto the rural flavour of its past, with about 35 per cent of its land designated as agricultural and still actively farmed.
